

Graduation Project Proposal Form

1. Project Information

- **Project Title:** Rapid Implementation of Oracle ERP Accounts Receivable Module
- **Course/Track:** Oracle Digital Accounting Specialist
- **Team Members:**
 1. Tarek Mohamed Ali
 2. Ahmed Abdelaziz Emam
 3. Mohamed Ahmed Abdelsalam
 4. Mohamed Hossam Eldin Ahmed Helmy
 5. Tarek Hany Mostafa
 6. Ziad Mamdouh Mohamed

2. Project Overview:

- **Objective:** To configure and implement the Accounts Receivable (AR) module in Oracle ERP to enhance the automation of invoicing, payment tracking, and reconciliation processes while ensuring integration with other financial modules
- **Scope of Work:** project will focus on setting up customer profiles, automating invoicing and payment reconciliation, integrating AR with Order Management and General Ledger, and conducting user training and post-implementation support
- **Expected Outcomes:** A fully operational AR module, automated invoicing and reconciliation processes, comprehensive user training materials, and a final project report documenting the implementation process and lessons learned

3. Problem Statement: Managing accounts receivable manually is prone to errors, inefficiencies, and delays. Businesses often struggle with real-time reporting and accurate tracking of payments. Another common challenge is the inability to measure key performance indicators such as Days Sales Outstanding (DSO), a critical metric for analyzing the efficiency of accounts receivable management and calculating the average number of days it takes to collect

4. Proposed Solution

- **Technologies Used:** Oracle ERP Cloud (Accounts Receivable Module), SQL (Structured Query Language), and integration tools
- **System Architecture:** The AR module will integrate seamlessly with the Order Management and General Ledger modules. It will automate key processes such as invoicing and reconciliation, supported by a centralized database for real-time reporting, also the AR module will automate the calculation of Days Sales Outstanding (DSO), providing insights into cash flow efficiency and credit policy effectiveness. This feature will also aid the Accounts Payable (AP) module by aligning supplier payment schedules with cash inflows, enhancing financial stability and supplier relationships.

5. Resources Needed

- **Hardware/Software:** Oracle ERP Cloud environment, test data, user manuals, and access to training materials

6. Approval

- **Instructor/Advisor:**

.....

- **Signature:**

.....

Project Summary

This graduation project, titled "Rapid Implementation of Oracle ERP Accounts Receivable Module", aims to design, configure, and implement a fully operational Accounts Receivable (AR) module using Oracle ERP Cloud. The project was conducted as part of the Oracle Digital Accounting Specialist program and represents a practical application of the knowledge and tools acquired during the training.

The core objective is to automate and streamline the invoicing, payment tracking, and reconciliation processes, replacing manual workflows with integrated, accurate, and real-time operations. The AR module is designed to integrate with the Order Management and General Ledger modules, supporting end-to-end financial processes.

The project addresses common challenges businesses face in AR management, including inefficiencies, delayed collections, and lack of performance indicators like Days Sales Outstanding (DSO). By implementing this solution, the project aims to enhance financial control, cash flow visibility, and overall organizational efficiency.

The implementation process included the setup of customer data, configuration of billing and receipts, execution of reconciliation, generation of analytical reports, and training documentation. The project concludes with a set of deliverables that demonstrate functional capability, technical understanding, and practical integration of Oracle ERP within a real-world business context.

Teamwork& Status:

A	B	C
Ser	Name	Status
1	Tarek Mohamed Ali	القائد والمسؤول عن إدارة الفريق.
2	Ahmed Abdelaziz Emam	كان متجاوبًا في البداية، ثم توقف عن الرد على جميع محاولات التواصل.
3	Mohamed Ahmed Abdelsalam	لم يستجب منذ البداية، ولا توجد أي وسيلة متاحة للتواصل معه.
4	Tarek Hany Mostafa	متواجد ونشط ويؤدي مهامه بانتظام.
5	Ziad Mamdouh Mohamed	قدم اعتذارًا عن الاستمرار مع الفريق.

Final Project NEXT7_AR_Proj.
